**Re: Referral for John Doe (23-04-2002)**

Dear Dr Specialist,

I am writing to refer my patient, John Doe, for specialist evaluation in relation to:

*Please see John to consider treatment for his dermatology condition. He is a known patient of yours and does not have a regular GP. His medical history includes allergies to wheat and is not currently taking medication.*

I would appreciate your assessment and management of the specific issues they face.

Please do not hesitate to contact me if further information is required.

Yours sincerely,

**Dr Doctor Hoot**
